25. May 2013. Petra Drapšina street

10.00–16.00 WORKSHOP DAY – “SET THE STREET IN MOTION” PROJECT

Within the framework of the seminar an urban planning workshop day will be held in Petra Drapšina street in partnership with the Hungarian National Cultural Fund and the AP Vojvodina, Provincial Secretariat for Urban Planning, Construction and Environmental Protection.

During the day a creative and interactive public space exhibition will be set up for showcasing the design ideas on which visitors, residents, seminar guests and artists can work together with students of architecture and civil engineering to sketch possible solutions for improving and preserving the unique environment in the so-called Gomborski alley in Subotica.
